

ANNOUNCING

ABC IMAGING'S EXPANSION INTO LONDON AND DUBAI!

ABC Imaging is proud to announce a grand expansion overseas. The company now has locations in the United Kingdom and Dubai. ABC Imaging's reputation has long since been known around the globe but only recently has it reached this level of international distinction.

In May 2008, ABC Imaging reached an agreement that would bring Mediashore of London into the ABC family. Mediashore is a very well established reprographics firm with two locations in London.

This past month (August 2008), the founder of ABC Imaging, Medi Falsafi, travelled to Europe and Dubai. His goal was to support ABC Imaging clients in the United Kingdom and to establish new ones in the Middle East. The trip was more than a success. On his trip to Dubai he was able to secure another new ABC Imaging location!

Both Dubai and London are two of the biggest centers of business in the world today. ABC Imaging's presence in those two cities will bring uniform and quality printing to firms around the globe. For more information on what ABC Imaging can do to enhance your company's printing, please take a closer look at our website or call 1.800.230.0242.
