ABC Imaging moves its major production hub in Bellevue, WA. Larger location to improve workflow and efficiency.

Washington, DC—June 9, 2010—ABC Imaging, a Washington, DC-based provider of comprehensive printing and document management services, announced today that its Bellevue, WA store has moved to larger location.

The store, wholly owned by ABC Imaging, is now located at 1521 130th Avenue, NE. The location is a short distance from the 120th Avenue exit on route 520.

“The larger location for the Bellevue store will allow us to better serve our clients who regularly use our services,” said James Pike, ABC Imaging Regional Vice President. “We should be able to manage workflows with greater efficiency.”

ABC Imaging considers its stores major production hubs. The company equips these hubs with identical small and large format printers and IT hardware to provide clients consistent output across North America and at their locations in London and Dubai.

About ABC Imaging

From its headquarters in Washington, DC and more than 30 locations worldwide, ABC Imaging (www.abcimaging.com) provides full-service, on-site solutions for document management, printing, scanning, archiving, and back-office support.
