CASE STUDY:
SNL Celebrates
Decades of Laughter

CHALLENGE

Saturday Night Live (SNL) has been an icon of American culture for more than 40 years. As a testament to its success and longevity, an exhibit was recently commissioned in midtown Manhattan that would highlight the decades of history. Premier Exhibits Inc, intended to make this **an interactive exhibit where visitors could peruse vintage sets, browse original scripts, and view props used in the show.**

Premier Exhibits Inc. needed a partner to assist with the production and installation of a variety of graphic visuals from floor graphics to high-gloss printing. ABC Imaging is local to New York and has worked with SNL in the past.

ABC IMAGING'S SOLUTION

Working closely with the Premier Exhibits Inc. design team, ABC Imaging provided **end-to-end solutions starting with consultation** and recommendations on various graphic treatments for the three floors that would house the exhibit.
